PROFESSIONAL WORK EXPERIENCE

Front-end developer Intern Oasis Infobyte

Feb 2023 - March 2023

- Designed and created a Todo list web-application using HTML,CSS and Javascrpt
- Developed a Calculator using HTML ,CSS and JavaScript and learning about flex-box alignment in CSS
- Developed a tribute page using HTML, CSS, and JavaScript to show-case a person's achievements and details
- Demonstrated strong problem-solving skills in identifying and resolving technical issues during development

PROJECTS

Flight Booking System - Backend project

- Developed a robust Flight Booking System using Node.js and MVC architecture. Engineered CRUD repositories and RESTful APIs for creating bookings, managing seat availability
- facilitating secure payments. Seamlessly integrated Sequelize ORM with MySQL for efficient data storage and retrieval.

NewApp with API - React-Js

- Successfully built and deployed a functional NewsApp with API that meets the needs of users looking for quick access to up-to-date news from various sources.

TODO List - React Js

- Developed a web application using React.js that allows users to create and manage their to-do lists with dynamic state changes. The application provides a clean and intuitive user interface that enables users to easily add, edit and delete tasks

TextUtils - React-Js

- Provided users with a streamlined text customization experience, with all features accessible through one click

EDUCATION

B.E - Computer Science and Engineering Zeal college and engineering research,Pune

Sep 2020 - Apr 2024

CGPA: 8.60 (current)

Secondary Education - IT subject S.P.M Jr College, Wani

March 2018

CGPA: 7.18

CERTIFICATES/COURSES

- ★ Introduction to Front-end developer by META
coursera
- ★ Backend with Node-Js by Sanket Singh
private instructor
- ★ Java Programming
Udemy
- ★ Bootstrap and JQuery Certification
Udemy
- ★ Workshop On ML with Python
Microsoft

EXTRA CURRICULUM

- ★ Participated in college cricket team and won Rangarang Trophy in 2022
- ★ Volunteered as a mentor for junior cricket teams in the college, helping them improve their skills and techniques
- ★ Completed a bootcamp in backend technology, focusing on Backend technology , using Node Js Framework, and Javascript
- ★ Attended various tech fests, including Hackathons, and participated in challenges related to software development, such as full-stack development

SKILLS AND STRENGTHS

HTML,CSS And JavaScript

Bootstrap and JQuery

React Js

Node Js

Express Js

MySQL and MongoDB

Git And Github

Java (Core)

Data Structure and Algorithms
